ABOUT ME

I am a software developer with experience in front-end and back-end technologies, specializing in building responsive interfaces, optimizing performance, and creating scalable systems. I enjoy solving complex problems, learning new tools, and working with teams to deliver high-quality software products.

CERTIFICATION

TESDA Web Design Certificate

WHY HIRE ME?

-
- Strong foundation in both front-end and back-end development
 - Skilled in secure API development and modern authentication workflows
 - Reliable remote worker based in Cebu (Cordova), Philippines
 - Communicative, emotionally intelligent, and highly collaborative

PROJECTS

1.E-Commerce Website (React)

2.Personal Portfolio

3.Student Management System (CRUD)
